

Week 18th – 22nd May

Maths

Master Your Maths Week 29 & Friday Test

Keep revising your tables – use topmarks.co.uk, practise them with your brothers/sisters, or test yourself

Normally May and June are big revision months for Maths so that's what we'll be doing over the coming weeks.

This week we're concentrating on more short multiplication and long multiplication- You know how to do all of this really well so concentrate on trying not to make silly mistakes and check each sum after completing it. In the long multiplication remember to put down your zero!

English

Read at Home pg. 104 - 108

Spellings:(-cial) :Learn these through the week, look up any meanings you're unsure of and put each word into a sentence.

Special, social, crucial, racial, facial, official, artificial, beneficial, financial, antisocial, commercial, unofficial, superficial, controversial

Keep reading books that you like at home

English Writing: Creative Writing

Time to use your imagination! Attached is an imaginary scenario. You must write the rest of the story. Try to use as many interesting adjectives (describing the noun) and adverbs (describing the verb and normally end in -ly) as you can, to make your piece of writing interesting and exciting.

Recount Writing – Continue to keep a short diary of what you're doing and thinking during the day and maybe if you hear any news - this will be helpful for your news when we're back in school and this is such an unusual time it might be interesting to have a recount of it. Who knows- your diary might end up in a museum in years to come or extracts of it in a 5th class History book!

Gaeilge

Attached is two pages of reading (leitheoireacht): Leabhar Iontach , Gach Oiche

They're not difficult. Try to read it aloud and you can answer the questions orally or write them out. Bain triail astu! (give them a go!)

<https://duolingo.com/> is a good site

Play around with the website and do any games/activities that you can.

If you want to listen to/learn more songs as Gaeilge then go to <https://www.youtube.com/user/tglurgan>

SESE: Geography and Science

We're still so lucky with the weather. It's perfect for getting out for walks. Your task this week is similar to last week. While out walking, try to take photographs, this time of the birds you see along the way (phone camera is perfect). Attached is a bird identification sheet. When you get home, try to use this sheet to identify the birds in your photos. We'd love to see some of the pictures and the list of the types of birds you found.

Movement/Mindfulness/P.E.

Plank Challenge!

Attached is a video clip to follow for this challenge- Same fantastic participants!!

*This one is really tough. Try your best to get as far into the song as possible. When doing the plank, your back should be flat- no bums in the air!

Here is the full video/song. Try to keep going until the end of the song!

<https://www.youtube.com/watch?v=rACy-0g1CuY>

<https://www.gonoodle.com/> and <https://www.youtube.com/user/cosmickidsyoga> are great sites.

Now might be a good time for trying to run your mile. If you run for approximately 5 minutes in one direction, then turn around and run back for 5 minutes, it should be close to a mile and you'll be well within your safe 5km radius of home.

Music

Ireland is well-known for its fantastic musicians and beautiful, lively, traditional music. Attached is a worksheet to fill out on the different traditional instruments that are played in Ireland. You might have to do a bit of research on some of them.

<https://www.classicsforkids.com> is a great interactive site to learn about composers and their music with games to take part in

Art

Attached: This week we are looking at a graffiti artist named Banksy, the attached document in the links below, tells you a bit about him and explains the art work that you'll be doing this week
