

Hi Girls,

I hope you are all staying healthy and safe and that you had a lovely long weekend in the sunshine. Below is the outline of work for the short week ahead. Just do your best with it. Don't forget that you can e-mail your news to me at any stage. I'd love to see some more pictures!

Week 3rd – 5th June

Maths

Keep revising your tables – use topmarks.co.uk, practise them with your brothers/sisters, or test yourself

We'll be continuing with revision in maths. This week we'll be starting with the sheets that you should have gotten in the bags with your books last week. Just try your best, follow the examples and do the sums in your copy.

Revision Sheets – Q1 Long Multiplication, Q2 Long Division, Q3 Short Multiplication & Division

English

Read at Home pg. 112

Spellings:(-i) :Learn these through the week, look up any meanings you're unsure of and put each word into a sentence.

Taxi, kiwi, ski, deli, alibi, safari, broccoli, tsunami

Do pg. 89 in Grammar 5, look up the words in your dictionary and write the meanings (you don't need to write the meanings in your copy because you'll have them done here)

Keep reading books that you like at home

Treasury pg. 74: Metaphors and Similes

Read the explanation, A join the phrases, B tick metaphor or simile, remember if it has like or as it's a simile, if not it's a metaphor

Phonics – read the clues and fill in the words

Gaeilge

Attached is a page of reading (leitheoireacht): Gach La

It's not difficult. Try to read it aloud and you can answer the questions orally or write them out. Bain triail astu! (give them a go!)

SESE: Geography

Map Work – Maps have co-ordinates to help us read them, they're just a grid of boxes that help us find things a bit quicker because the co-ordinates tell us where to look. The most important thing to remember when you're using co-ordinates is that they always go **across first**, then up. (Along the corridor and up the stairs is a helpful way of remembering). So if it said (4, 6) you'd go across 4 boxes first, then up 6 boxes.

Movement/Mindfulness/P.E.

Glute Bridge Challenge: This is the last "Sally" challenge. Watch the attached video below to see our willing volunteers!

*This time when the song says "bring Sally up" you go down!

You can follow the link below to see the full challenge with the full song

<https://www.youtube.com/watch?v=wZA2B768gOs>

<https://www.gonoodle.com/> and <https://www.youtube.com/user/cosmickidsyoga> are great sites.

Now might be a good time for trying to run your mile. If you run for approximately 5 minutes in one direction, then turn around and run back for 5 minutes, it should be close to a mile and you'll be well within your safe 5km radius of home.

Art

Sticking with the Summer theme this week, attached is a template of a pair of flip-flops. Decorate these flip-flops- you can be as creative as you like (painting/colouring/drawing/sticking things on). When you're happy with your design you can cut the flip-flops out. On an A4 sheet, you can create a background with the sea and sand (see attached examples). You can use paints, colouring pencils, twistables or markers! Stick the flip-flops on your background and you have a lovely Summer scene!
