

Hello everyone,

Thanks again to all those sending me photos of your hard work and creative masterpieces! As always this list is a suggestion of work-do what you can! At this stage -any free time can be spent finishing Master your Maths and English in Practice and colouring anything not finished 😊 Available at msmcgathome2020@gmail.com

Monday 8th

English In Practice - Next 4 days

English - Word Wise Reading & Comprehension p74 & 75. Activity on Seesaw.

Maths - This week we will be learning about *addition*.

Lesson 1 start by practising counting in 10's as fast as you can all the way to 100, maybe try counting backwards in 10's too. Then complete B and C on page 112 in Planet Maths.

Number Facts - '+7' page 46 Monday. Remember to use Twistables or Crayons to help you count. You could also draw a 10 frame and colour in the dots if that helps.

Tuesday 9th

English In Practice - continue with week you are on

Maths - This week we will be learning about *addition*.

Lesson 2 just like yesterday but this time practise counting in 2's up to 20 and in 5's up to 50. Then complete page 113 in Planet Maths.

Number Facts - '+7' page 46 Tuesday. Remember to use Twistables or Crayons to help you count. You could also draw a 10 frame and colour in the dots if that helps.

SESE - Geography under the Stones Window on The World page 76 and 77.
Activity on Seesaw.

Art - Can be done between now and Friday. Linking with Under the Stones lesson in Geography. The lesson is explained more on Seesaw. When you are out for a walk this week or playing in your garden, gather nature items such as leaves, twigs, stones, wild flowers etc. Next, use what you have found to design an insect - it could be a worm, earwig or centipede that we are learning about this week or another insect. You could make your design on sheet of paper, piece of card or a paper plate

Wednesday 10th

English In Practice - Wednesday of week you are on

Maths - This week we will be learning about *addition*

Lesson 3 Planet Maths page 119. Use the 100 square to help you. Remember when adding on 10 it is one jump down on the 100 square, adding on 20 is 2 jumps down, adding 30 is 3 jumps down and adding 40 is 4 jumps down.

Number Facts - '+7' page 47 Wednesday. Remember to use Twistables or Crayons to help you count. You could also draw a 10 frame and colour in the dots if that helps.

English- Grow In Love - page 36, colour in the letters that have a dot in them and write it neatly in the box, and page 37, unscramble the words to read the prayer before Communion.

Thursday 11th

English In Practice - Thursday

English- Word Wise Phonics page 44. Activity on Seesaw.

Maths - Planet Maths page 69 & 70

Number Facts - '+7' page 47 Thursday. Remember to use Twistables or Crayons to help you count. You could also draw a 10 frame and colour in the dots if that helps.

SESE - Geography 'The Lighthouse Keeper' Window on The World page 64 and 65. Activity on Seesaw.

Friday 12th

Maths - Planet Maths page 86 & 87

Grow In Love- page 38, match the words to complete the sentences and fill in the speech bubbles, and page 39, fill in the blanks and read the prayer after Communion.

English- Word Wise Capital I page 45. Activity on Seesaw.

Art - Just a reminder to send me a picture via e-mail or on Seesaw of the great fun you had making insects.
