

3rd class
Virtual School Tour

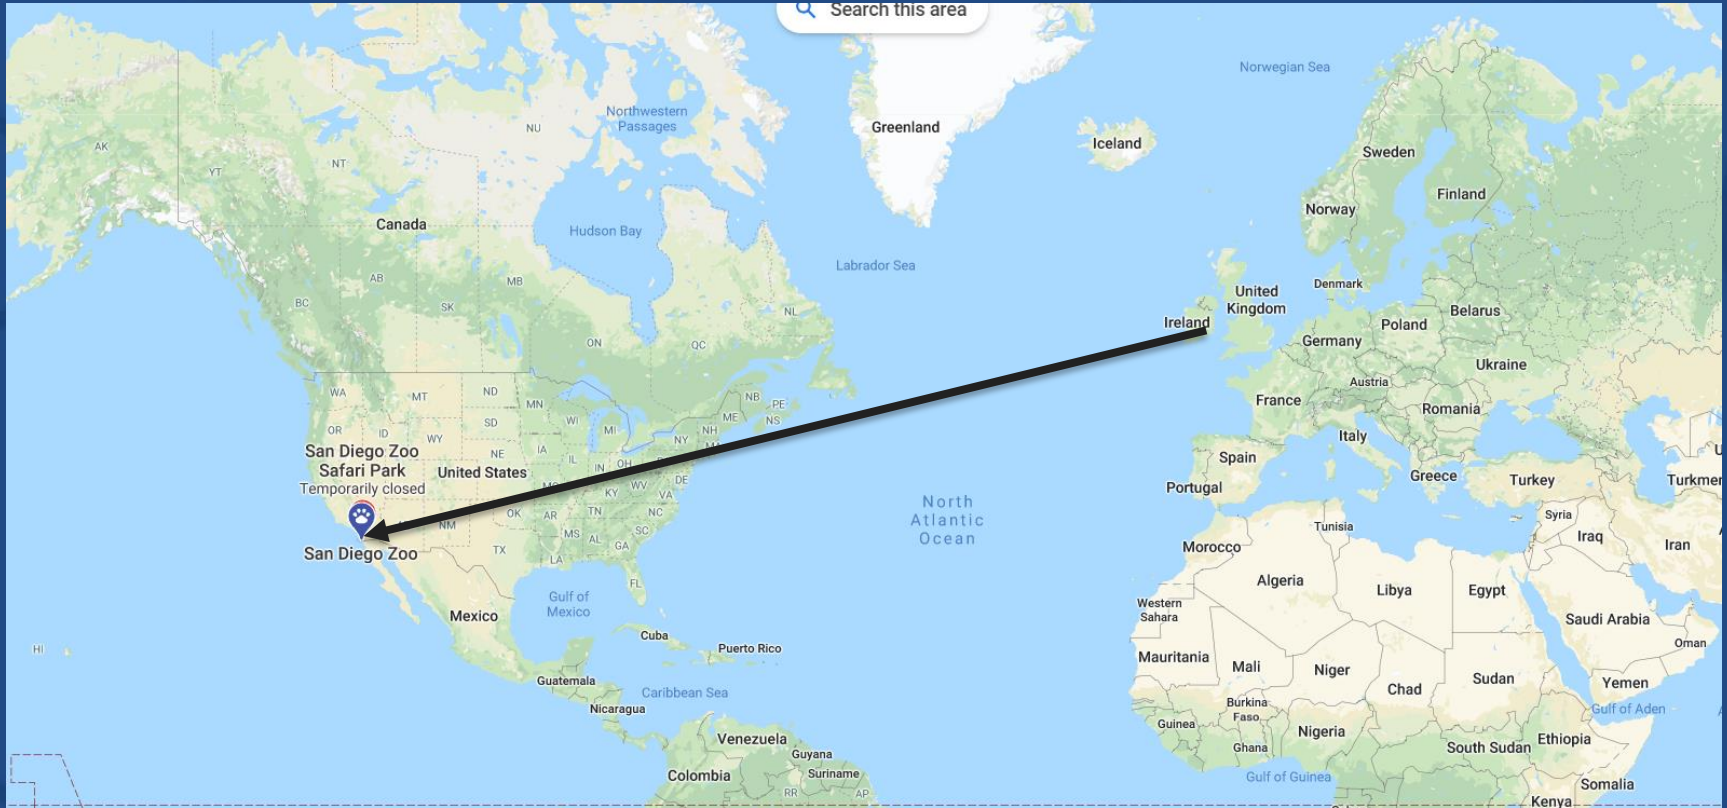

Where are we going????

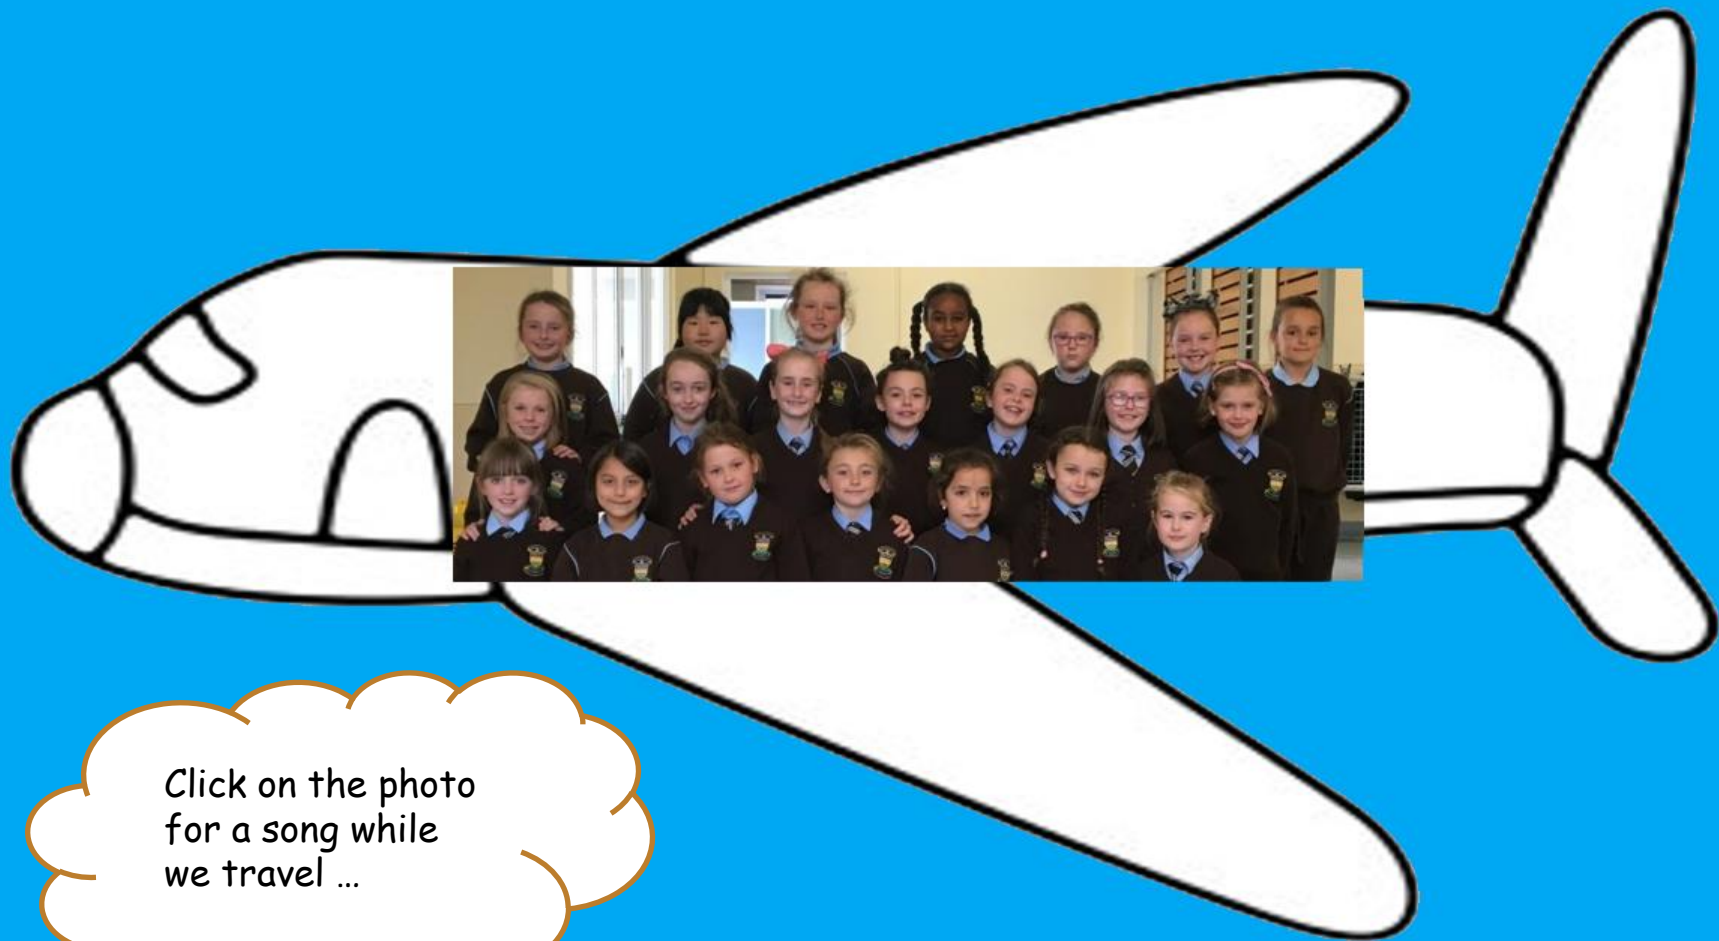

Here are some clues ...

- We are taking a long flight.
- You will need your passport.
- It's a wild place!
- It's wet... while also being dry ...and leafy....

We're going to ... San Diego Zoo in USA!!

Click on the photo
for a song while
we travel ...

SAN DIEGO ZOO

field trip

STEP 1:

Click on the links below the pictures of the animals to view the live cam videos of the animals.

STEP 2:

Click on the “Learn More!” links to discover new information about the animals you just saw!

STEP 3:

On a scratch piece of paper or on your device, write down 5 new facts you learned about each animal.

STEP 4:

Complete the blank slide presentation. Don't forget to tell me your animal, add a picture, and 5 facts!

ANIMAL:

LIONS

PICTURE:

JUST THE FACTS:

1. LIONS ARE LARGE WILDCATS, THEY CAN BE UP TO 9 FEET LONG!
2. LIONS LIVE IN AFRICA AND ASIA, THEY MAINLY LIVE IN GRASSLANDS CALLED SAVANNAS.
3. YOUNG LIONS ARE CALLED CUBS.
4. FEMALE LIONS HUNT IN GROUPS AND THEN SHARE THEIR FOOD WITH THE PRIDE.
5. LIONS ARE THE ONLY WILDCATS THAT LIVE TOGETHER IN GROUPS.
