

My School

11/12/23

Growing up in this day and age
where tiktok and Snapchat are all the rage

Our days in school are such a bliss

Learning in classes we don't want to miss
we are taught by teachers we know so well

Learning to speak and write and even to spell
Our Classroom family come in all shapes and sizes

Some of them are often full of surprises

Together we learn, we laugh and we grow
And we share with each other what we know

Each child will learn in their own way
And we learn something new everyday

Our School is welcoming, safe and fun
And always includes everyone

I hope that one day everyone will see
we all need a little DIVERSITY

Diversity

Our school is a friendly place.

It puts a smile on every face.

We welcome all from near and far.

In our school all friends we are.

We show kindness every day.

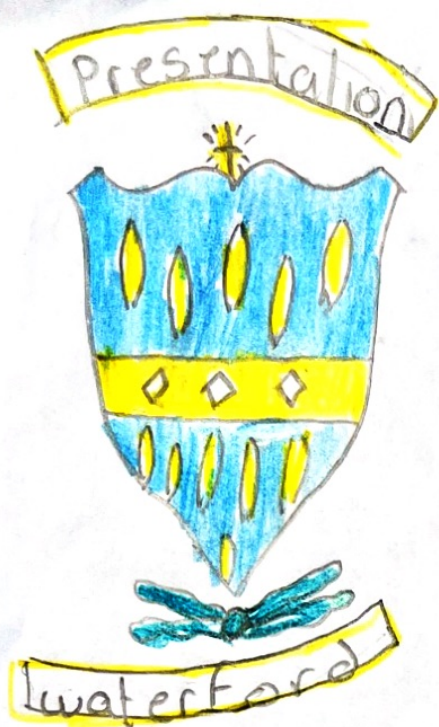

Each person in a special way.

Will find their place in our

school home.

We'll share and care.

No one's left alone.

My School Poem

In our school, we're super kind,
Never leaving someone behind,
Words and stuff matter,
Making friends, laughter and chatter.

Diversity makes our school so cool.
We think everyone is awesome,
that's the rule!

At Christmas, we share the cheer,
Giving food and toys, oh dear!
For the homeless, we truly care,
Dry snacks and fun, we all prepare.

Fun activities, oh so great,
Bringing us together, it's our fate.
Being kind is what we do,
In our school, me and you!

BE KIND!
